

The Medication List

Clinicians who treat your loved one need an accurate, current record of every medication they take. Update this each time something changes.

PATIENT	DATE OF BIRTH	DATE REVIEWED
HEALTHCARE POA / EMERGENCY CONTACT	PRIMARY CARE PHYSICIAN	PHARMACY
PHONE	PHONE	PHARMACY PHONE

Allergies & Intolerances

An allergy is an immune response characterized by hives, swelling, and even trouble breathing. An intolerance is a reaction like nausea, diarrhea, dizziness, or confusion. Describe the symptoms experienced, how soon after the dose, and how severe.

MEDICATION OR SUBSTANCE	REACTION

Disclaimer: This log is an organizational tool provided for educational convenience. It is not an official medical record or prescribing document. Always rely on the official medication administration record (MAR) provided by your pharmacy or physician. The information provided in this guide is for general educational purposes only and **DOES NOT CONSTITUTE MEDICAL ADVICE**, psychological advice, or legal advice. Reading or using this material does not establish a physician-patient relationship with Dr. Michael Genualdi or The Geriatrician's Guide LLC. You should always consult with your own qualified healthcare provider or medical professional regarding any specific medical conditions, symptoms, or senior care decisions.

Medications

Include over-the-counter medications and supplements: they interact just like prescriptions do. Anything taken as needed, even occasionally, belongs on the list too.
